The Lady's Prayer
by Kathy Jones

Enjoy this beautiful prayer to the Lady of Avalon, which was first received many years ago beside the Chalice Well in Glastonbury.
The prayer comes with actions that can be seen in the accompanying video on the Madron area of our website.

Lady, awaken my spirit in you.
Lady, open, and expand my vision.
Lady, be in my breath,
my voice,
and all my actions in service to you today.
Lady, fill my heart with Your love.
Lady, heal my dis-ease.
Lady, bless my womb/hara of creativity,
Bless my sexuality,
And ground me in your love.
Lady, heal the people
Lady, heal our communities
Lady, heal the Earth
Lady, Bring your MotherWorld into being upon the Earth.
